Old Business

The paperwork we need to get equipment out to Griffith s almost ready to submit

Al found a Bobcat loader that the club can rent to get the damage at Griffith repaired. It will cost \$175.00 per day, but it will help us get Griffith looking good again.

Next month we will have information and brochures on good places to sell gold. Some refineries require a tax ID before they will buy from you. We want the places that don't require one. One member recommended "Diamond Brothers" in Kingman.

Another member reported he was selling his gold on eBay and getting 110% of spot. Before you sell your gold, it pays to ask questions, do a little research and shop around.

New Business

The rent for our meeting hall has risen from \$75.00 to \$150.00. Al has looked for a cheaper deal, but members agreed that the extra money is still worth staying where we are.

The cleaning crew at the meeting hall have complained that our members have been leaving the hall a mess. Members suggested we take "Before and after" pictures for proof.

New Business - Cont

Al showed everyone the brochure for the Minelab metal detector that the club will be raffling off in December.
