## MESSAGE FROM SECRETARY

Fellow members,

During Tuesdays meeting a discussion took place involving some financial issues with the 2005 committee, unfortunately it escalated to a point where tensions and anger began to arise in the voices of some members. I deeply apologize for these action, the issues should have been resolved privately and then presented to all the members. For those who attended the meeting for the first time either as guests or new members I also apologize to

you it was an unfortunate situation and hope you will join us in the near future and continue our success in the search of gold.

Thank you, Jerry Carreiro, Sec—06
