The President Mike Medlin touched a bit on the two outings last month very few members showed up to the drywash outing but the nugget metal detecting outing was a great success. Member L. Herring made mention to all present that a special thank you to Brad and Yvonne Fine, Mike Medlin and Tony Proce for the outstanding job they did with the metal detecting outing. THANK YOU.

The President also mentioned that the treasurer had some sort of difficulty pitching a tent during the outing; I will try to have some information available for the treasurer at next months meeting that I'm sure will help him.

Since the summer heat has arrived and the extreme temperatures there will not be any outings scheduled by the club during the months of June,

Since the nugget metal detecting outing was a success the president would like to set up another one in July this time it would be held at Roy and Retta Atkins property of D.W. Ranch road. Hey by the way "HAPPY BIRTHDAY RETTA" a show and count of hands of those interested only accounted for 19 members, the president would like to see a larger number of members wanting to participate, the President will bring up this nugget outing again at next months meeting hopefully more members will be interested.
