### Minutes Mar 6, 2007

Meeting called to order at 7:04 pm followed by the pledge of allegiance reading and approval of the minutes from February's meeting, reading of the treasures report after expenses there is \$4285.00 in checking account.

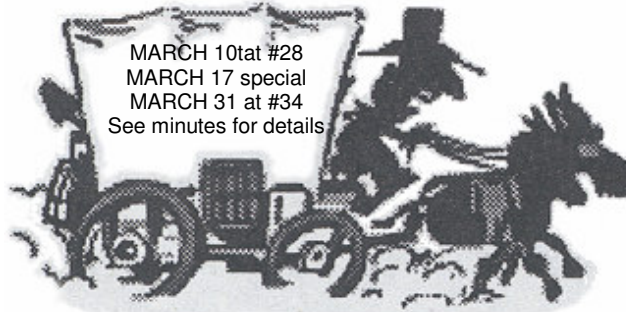

There has been numerous complaint of the talking during the meeting it has been an ongoing issue for quite sometime, we have asked our members to please wait until the break to chit chat but to no avail. Please respect others around you and wait until the break.

The president Mike Medlin said the February outings had a great turnout with a large number of new members, with any hobby there comes some type of expense may it be small or large there is expenses related, that is why we continue to encourage you to take the clubs dry washers and familiarize yourself with the operation of the equipment. The MPA will soon have a 3<sup>rd</sup> dry washer available Mr. and Mrs. Albert Stice are donating there dry washer to the MPA. THANK YOU Mr. and Mrs. Stice.

The president Mike Medlin also explained that he and the vice president Fritz Clemens and the treasurer Tony Proce did some exploring out in the desert and once again the president Mike Medlin was faced with another unforeseen circumstance this time it DID NOT involve his dog or wife, our treasurer Tony Proce decided to venture out on his own and climb a large hill only to come tumbling down the hill. When I heard this a flash back hit me of the nursery rhyme Jack and Jill I think it went something like this.

Tony went up the hill to fetch some gold, Tony fell down and broke his shovel.

Shirley Klafter and Dwight Suttier asked about setting up a committee to gather the new members and take them out with the dry washers and show our new members how to dry wash and pan the concentrates, I did not see much response from our members so I will add this request to new business for next months meeting and hopefully we will have some volunteers, we need to make this club
